

# How to clear cookies from Internet Explorer

Follow the steps below to clear cookies from Internet Explorer. Please note, clearing cookies will also log you out of any websites you are currently logged into.

1. To clear the cookies from Internet Explorer, select the cog symbol in the top right corner of the browser.

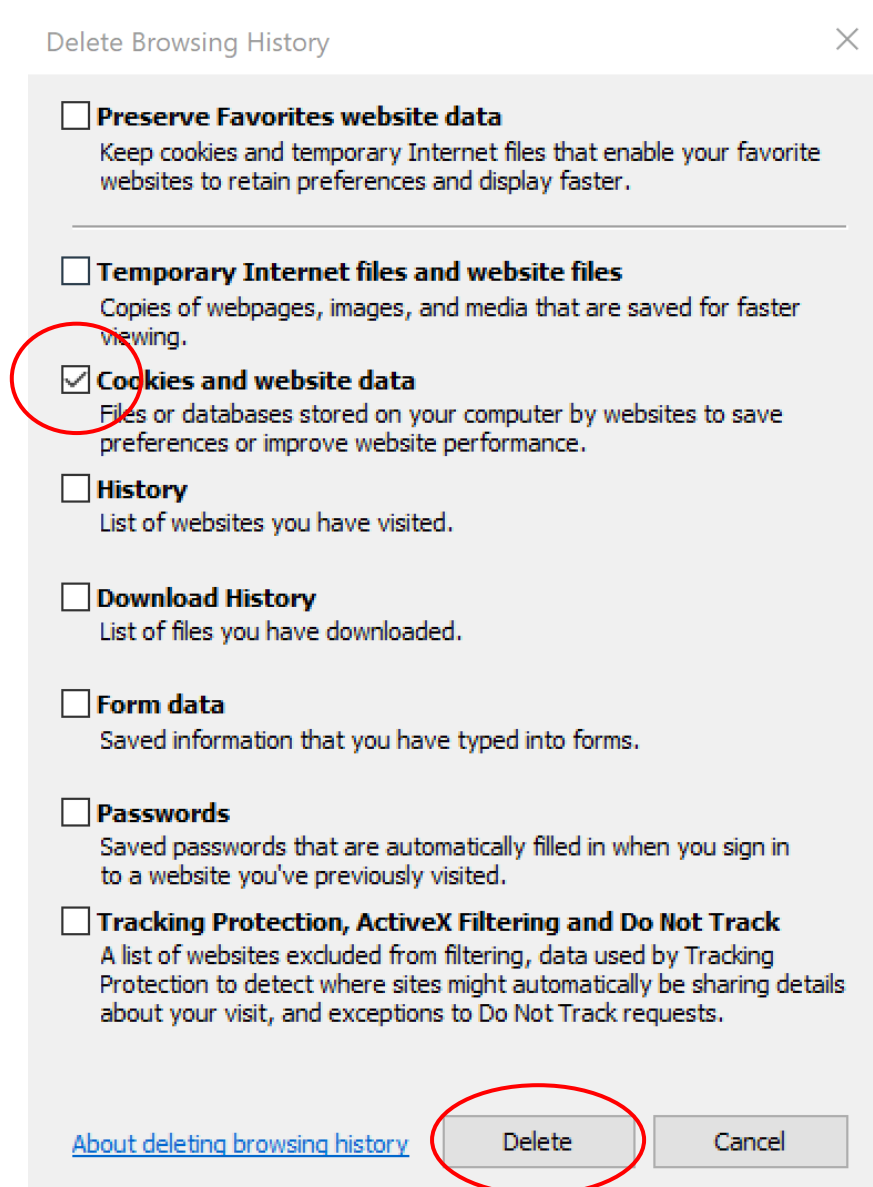

2. Then select **internet options**.

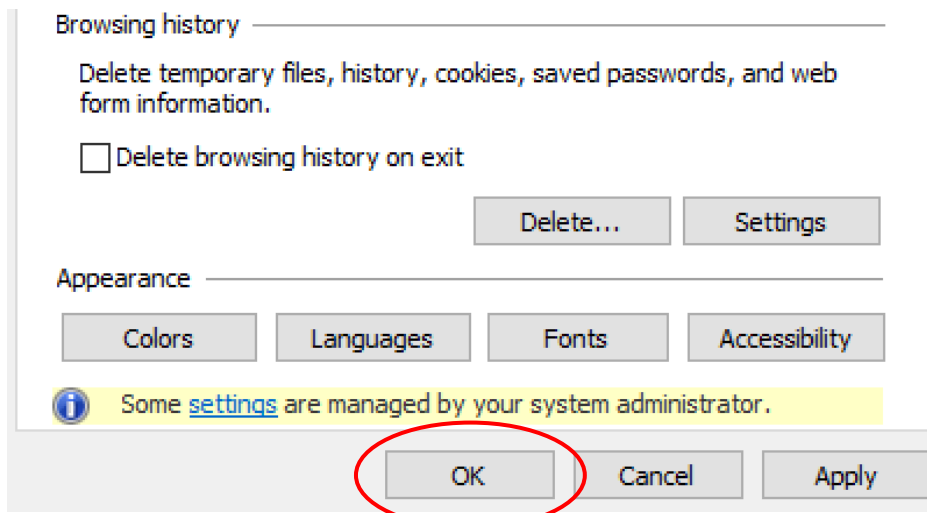

3. Go to the browsing history section and press **delete**.

4. Ensure the **cookies and website data** box is checked. Then press **delete**.

5. Press **OK**.

6. Your cookies should now be cleared.
